BRDA COLLIO

Among the rolling hills of Goriška Brda, the Slovenian Collio, where the breath of the Mediterranean meets the freshness of the Alps, our story begins.

We are a family before we are a winery. For generations, we have cultivated the land with respect, caring for 10 hectares of organic vineyards that tell our story, season after season.

In our cellar, which has preserved the passage of time for more than 300 years, there is still a barrel from 1808: a silent witness to passion, sacrifice, and dreams handed down through generations.

Every bottle of Kristalvin is a journey. A journey through the terroir of Brda, through our dedication, and through the authentic beauty of a nature we choose to listen to, rather than force.

We do not look for shortcuts. We look for truth.

And in our wines, you will find only this: land, time, and soul.

KRISTALVIN

- VIŠNJEVIK -

Selection Line

We consider our Selection Line the natural evolution of a journey that began many years ago — a path shaped by deep respect for terroir and tradition. From this vision come three long-maceration white wines (orange wines) and a deeply structured red wine, in which we sought to harmonize power and elegance.

REBULA SELECTION 2021

Sometimes passion and patience are rewarded, and this is certainly the case with our Rebula from the 1808 Selection Line, vintage 2021.

Rebula is a grape variety that perfectly represents our territory, and this selection comes from one of our hillside vineyards, where the conditions allow for progressive and virtuous ripening.

Its color recalls old hay, amber yellow, and gold. The bouquet is dominated by notes of ripe fruit, especially peaches, apples, and gooseberries, enriched by warm spices, particularly vanilla with a delicate hint of cinnamon. On the palate, it reveals all the richness of a mature wine, whose tannins promise remarkable longevity. The finish is long, fruity, and spicy.

KRISTALVIN

- VIŠNJEVIK -

We consider the Metodo Classico the highest expression of sparkling wine, and for this reason we have accepted no compromises.

International tradition finds its expression in our Cuvée, obtained from Chardonnay and Pinot Noir, while the bond with the territory emerges in our Rebula.

In both cases, our goal was the pursuit of elegance, and we believe we have achieved it.

BRDA COLLIO

Our Rebula Metodo Classico is born from rigorous choices and meticulous care that begins in the vineyard and continues attentively throughout every stage of vinification and sparkling wine production.

In the glass, it reveals refined citrus aromas that intertwine harmoniously with elegant notes of bread crust. The perlage, extremely fine and persistent, accompanies the tasting experience, lending the wine extraordinary finesse, balance, and elegance.

The Kristalvin Cuvée represents our territorial interpretation of a great classic of the Traditional Method: Pinot Noir and Chardonnay, iconic grape varieties of international sparkling wine elegance, find here a new expression shaped by the unique character of our land.

On the nose, delicate notes of white fruit, citrus and bread crust intertwine in a refined and harmonious balance. On the palate, this aromatic elegance is transformed into an exceptionally fine, creamy and enveloping perlage, capable of delivering depth and remarkable drinkability.

KRISTALVIN

- VIŠNJEVIK -

Traditional Line

Our Traditional Line fully expresses our deep connection to the land, an authentic bond that is renewed and strengthened every day, both among the vineyard rows and in the cellar. We devote the utmost attention to grape selection and carefully oversee every stage of the harvest and winemaking process, with the goal of leaving nothing to chance and enhancing every single detail to its fullest potential.

the true spirit of Goriska Brda

KRISTALVIN

- VIŠNJEVIK -

Rebula (Ribolla Gialla) is a wine with a delicate straw-yellow color and greenish highlights. In the glass, we are initially welcomed by tiny bubbles that emphasize the wine's varietal character. The bouquet is delicate, with dominant notes of white flowers, both meadow and shrub blossoms, along with yellow fruit, particularly citrus fruits, pineapple, grapefruit, and lemon.

TO Sauvignonasse (Ex Tocai Friulano) A wine with a straw-yellow colour and greenish highlights. Fresh and crystal-clear, on the nose it recalls spring meadows, blossoming fruit trees and subtle nutty notes, especially almonds. On the palate it is more restrained in its aromatic expression, yet still provocatively youthful, distinctly mineral and almost crunchy in character.

Sivi Pinot (Pinot Grigio) A wine with a delicate copper or onion-skin hue, revealing prolonged skin contact. The bouquet is distinctly fruity, recalling ripe peach and raspberry, yet enriched by spicy notes, particularly white pepper and coriander. Fresh on the palate, with vibrant acidity that is harmoniously balanced by alcohol, making it smooth. The finish is long, maintaining a sensation of freshness through to the end.

Rosé Delicate pale pink in colour. On the nose, floral notes are subtle, youthful and delicate, accompanied by gentle fruity aromas and hints of small red berries. Dry and medium-bodied on the palate, with moderate acidity and a pleasant vein of salinity that gives the wine its most convincing character, bringing freshness and vibrancy. Very well balanced, with a long and elegant finish.

Merlot Intense ruby red color and violet reflections. The rim of the glass suggests a medium-bodied, easy-drinking wine. The bouquet is pleasant and recalls small red berries, especially raspberries and red currants, soon accompanied by balsamic notes of mint and eucalyptus. In the background, spicy hints emerge, particularly green pepper, together with a pronounced mineral character. On the palate it is harmonious, with very soft tannins and remarkable freshness.

KRISTALVIN

- VIŠNJEVIK -

Rebula Selection Wine with the colour of old hay, deep amber yellow with golden hues. The bouquet is dominated by notes of ripe fruit, especially peach, apple, and gooseberry, intertwined with warm spices, particularly vanilla with a delicate hint of cinnamon. On the palate, it reveals all the richness of a mature wine, whose tannins suggest remarkable ageing potential. The finish is long, fruity, and spicy.

Jakob Selection Wine of straw-yellow colour with amber hues, immediately revealing a rich-bodied wine. The slow movement of the wine along the rim of the glass hints at its great structure and elegance. The expressive bouquet, enriched by honeyed notes of herbs and eucalyptus, recalls meadows after a summer rain, when everything shines with the luxury of mature aromas. On the palate it is warm and harmonious, with a vibrant acidity that beautifully complements the wine's herbaceous character.

Pinot Gris Selection The wine's distinctive rosé-like hue immediately reveals its extended skin maceration. Its slow movement in the glass announces a full-bodied structure, while the luxurious floral bouquet transports us among fragrant roses delicately seasoned with white pepper by the elves of the night. This touch of spring lingers on the palate as well, where a pleasant acidity makes the wine remarkably drinkable. The presence of alcohol can be sensed in the background, yet it never disrupts the harmony built upon freshness and gentle tannins.

Chardonnay Selection Wine with a golden-yellow colour and amber highlights. As it slowly glides along the rim of the glass, it reveals its rich body, further confirmed on the nose by aromas reminiscent of butter-baked apples with caramelised sugar, alongside notes of pink grapefruit and Mediterranean herbs. Luxurious, harmonious, buttery and pleasantly warm on the palate, it finishes long and enveloping, with lingering flavours of ripe white fruit — from apples and pears to mulberries and quince.

Merlot Selection Wine of deep purple color. The tears along the rim of the glass reveal a full-bodied structure and foreshadow an exceptional wine. The bouquet is intensely fruity, leaning toward fully ripe dark fruits, preserves and marmalades, especially roasted plums. On the palate, these sensations are enriched by subtle herbal notes that preserve the wine's freshness. A delicate hint of leather suggests that the wine has already entered its maturation phase, though its finest years are still ahead. Soft tannins and refined, elegantly supporting the long finish, with warm spices such as vanilla and cocoa.
